WELCOME TO WINEFARE 2024

WINEFare is upon us again! This year, we are proud to host 77 women-run natural wineries and importers from five countries and five states, showcasing a wide variety of wines. The event's growth since its inception in 2018 is a testament to its importance.

This said, WINEFare does not get as much attention as natural wine events run by men, mainly featuring male winemakers. While more women are making wine, working as buyers, and starting wine companies, #MeToo seems to have had a fleeting effect on the wine industry. This is a big reason why WINEFare, despite the challenges, needs to loudly roar on.

WINEFare has come to mean a lot to the women who pour. The collegiality provides community, especially to those who are newer to the field. Over the years, many winemakers, importers, and attendees have told me it's their favorite tasting because the atmosphere is so unique. I know they appreciate everyone who attends as much as we do; your support helps keep it going.

Enjoy the tasting! Support women!

Please let friends know about WINEFare and the other work The Vanguard does to create equity and belonging in the wine industry.

WINEFare 2024 Priority Projects

- Wine Flare: Wine tastings with queer-identified winemakers in areas of the country with oppressive policies toward the LGBTQ+ community.
 - Guardian Vital: A new wine label used by different wineries, amplifying vineyard workers' rights, protections, and career advancement.

**A BIG THANK YOU TO THE HAIGHT STREET
ART CENTER FOR HOSTING WINEFARE FOR
THREE YEARS IN A ROW**

WINEFARE CODE OF CONDUCT

1. Don't be afraid to ask the winemakers questions.
 2. Make room so that others can taste and talk with the winemakers, too.
 3. Be mindful of the beautiful space! Please put your glass in a designated area when you're no longer using it, and use the compost and recycling bins for trash.
 4. Do not drive even if you are slightly buzzed. Perhaps take public transportation. The Haight Street Art Center is close to many MUNI lines, including Van Ness station, and the 6 bus line will let you off right in front of the building.
 5. Verbal, physical, or sexual harassment towards anyone at the tasting, including winemakers, volunteers, staff, and attendees, is not tolerated. Anyone who violates this policy will be permanently banned from future WINEFARES. Verbal harassment includes hate speech.

WINE DOWN SF

All wines/ciders at WINEFare are:

- At a minimum, made from organically farmed fruit.
- Hand-harvested.
- Fermented with indigenous yeast.
- Bentonite (clay) fining is the only fining allowed.
- Mesh filtration is the only type of filtering allowed.
- SO₂ is the only addition permitted as we wish to be inclusive.

We trust our winemakers only to add as much SO₂ as they feel is needed, and SO₂ levels are indicated next to each wine.

- 0/0 = no SO₂ added, no fining, no filtration
-
